Subject: Why a Ingleside police report filed against me is needed

Hi all directors,

APACC chairman point out that I was not happy because one of the director – Chiho, Lam cannot be reelected and frame me “REVENGE for my friend”. This is NOT right, there indeed an unfair reelection with an unfair ballot and result happened. APACC framed me as a “Trouble Maker” and APACC chairman also frame and predict in advance that I will make “TROUBLE” and cause “DAMAGE” at tonight’s July 2013 board meeting. This is not right as well. I reserve my right for a claim against these matters. Why I have been FRAMED? Why? What did I done wrong, just only request for a recount.

James Wong
Board of APACC director
